### **MAKE THE REST OF YOUR LIFE THE BEST OF YOUR LIFE**

The power of personal choice can alter our circumstances, our view of life and our ability to live life to the fullest in spite of the perplexing situations that we encounter from time to time.

Annette Stanwick knows from personal experience that tough things happen in life, and those situations can cause us to nose dive out of control into an abyss of anger, resentment and fear.

How we respond to the unexpected detours our lives take is our choice. The way we respond to life can affect our business, our relationships and our success.

In this presentation Annette will show us how to navigate the pot-holes we all find ourselves in from time to time. She will:

1. Identify the places in life where we get stuck
2. Give us strategies to change the things we can and let go of the rest
3. Help us make choices that can change our destiny, our happiness and ultimately our success

Her expertise is real and comes from over-coming great personal tragedy!
